The opinions contained here are mine.
Please do your own research.

    A. When you change your clocks, change the batteries in your smoke alarms, and blow the dust out of your computer while it was turned off

    B. We have helped you understand how and what to backup on your computer. Please remember to test your recovery system to insure that you can do it.

    C. Do you use Microsoft Word ? Here is a free download that might be of interest. Remember, do your own research.

    D. Articles you might find of interest;
1. How can someone create a fake account in my daughter's name ?
http://ask-leo.com/how_can_someone_create_a_fake_account_in_my_daughters_name.html?awt_l=KGIoZ&awt_m=J6smYJCN.ZdfbL
2. How do I confirm that a file has been copied correctly ?
http://ask-leo.com/how_do_i_confirm_that_a_file_has_been_copied_correctly.html?awt_l=KGIoZ&awt_m=J6smYJCN.ZdfbL
3. Are you using Windows XP ?
Here is a Microsoft site you can go to for help, hints and how to do things.
http://windows.microsoft.com/en-US/windows/help/windows-xp

On the internet you can be anything you want. It's strange that so many people choose to be stupid.
~~~
Here are some web sites, observed in <u>Readers Digest</u>, that give advise. If you are planing a shopping trip, check them out. Your evaluation and feedback to us will be appreciated.
