SIGS (Special Interest Groups)

When you plan to attend a SIG meeting and have specific questions or problems you would like someone to work on or answer, please email us at info@lvpcug.org . This will help assure that we will try to have someone there with the expertise. The email Subject Line: SIG Help

The meeting formats for the Helping Hands & How-to SIGS are usually one-on-one help as compared to the Novice SIG which is group attendance with questions and answers from the audience during and after the presentations.

Windows XP forum: How do I maximize security for XP even after support ends?

2.

For all of you who are planning to stick with Windows XP even after Microsoft discontinues support on April 8, 2014, this topic is for you. Learn from your fellow members what to expect, how to maintain your security on XP, and things you might want to do in preparation for the end of support. There are a lot of great tips and useful knowledge being passed along to you, so that you can continue using XP for many years even after the support ends. So read up and be sure to thank your fellow members for offering their knowledge. And if you have other helpful tips or advice to offer, join us in this week's discussion. Thank you,

This is primarily for Windows 7 users

I received the article below from the FBI Internet Crime Complaint Center.

Take note it states below fig 1.

If the above pop-up message or a similar prompt appears on your computer and you did not request it or are not making modifications to your system's configuration, do not authorize "Windows Command Processor" to make any changes.

Remember if you start a program or change something you should get

something like fig 1.

Charles frederick

From the FBI Internet Crime Complaint Center

Windows 8

How many of you have Windows 8?

We are think starting a class for Windows 8.

If there is enough people to attend. Please

Let us know.

My husband was having trouble with his computer. He was locked out. He finally got in to his computer. Ceasar gave me a website to scan the computer for worms. It is:

http://www.eset.com/us/online-scanner/

Try it, I like it.

IT IS FREE

We are looking for Volunteers for our SIG's Meeting. We would like to start more SIG's like Photo, Music and Internet. If you are interested please contact any Board Member to let us know. Thanks for all your help.
